# FIND YOUR BEAT

**F**ashion, food, film—you're on the beat of the next big thing while staying true to your own artistic taste. Your home is a symphony of style, directed by your keen eye for design and your practical mindset.

Build harmony between bold and timeless with Serenade Cabinetry, elevated by smart frameless styles and clever accessories. Showcase the true you—without breaking the bank. Whichever direction you choose, Serenade's there for it all; start a journey in design.

# MAKE YOUR MIX

Being “one-note” has never been your thing. You know a bounty of materials gives you freedom to choose from dozens of looks, and—down to the molecule—your space is 100% curated to you.

Our frameless designs come in dozens of options; from classic wood finishes to eye-catching acrylics, all working towards the same goal: giving you a variety of tones and textures to create any genre or style you need. There's no wrong way to mix with Serenade materials.

# Material mix

Each of our materials has its own advantages, and offers something different. With your style in mind, find the materials that catch your eye, and picture the possibilities.

**THERMOFOIL** Adaptable, and perfect for any taste, thermofoil doors are lustrous, durable, and beautiful in any space. Choose a **solid** color, with soft and muted tones, a **woodgrain** pattern with or without **texture** that personifies your personal tastes, or a **high gloss** finish to open doors to the contemporary look you've always wanted.

**METAL / MULLIONS** Add a one-of-a-kind finesse to a contemporary space, or a tasteful touch of shine to any style with decorative door options. Choose from **backpainted glass** in gloss or matte, elegant **mullion** options or further customize your look with **metal**, available in three finishes—oil-rubbed bronze, brushed stainless steel, and matte aluminum.

**ACRYLIC** Offering the utmost in metropolitan sophistication, our acrylic doors come in a wide variety of colors, and are available in a sleek **high gloss** finish as well as a subdued **matte**.

**HARDWOODS** Nothing beats the natural beauty of hardwoods. Light and playful **maple** offers a variety of stains. Our **cherry** options give an inviting warmth and familiarity to a space from mild, to robustly crimson. Explore the aesthetically pleasing, tightly grained **rift-cut white oak**, or fall for our lustrous and distinguished **walnut**.

**PAINT** A smooth painted finish gives your cabinetry a consistent, stylish look.

# TUNE INTO CRAFTSMANSHIP

In arts, crafts, woodworking, cooking and beyond, you know quality craftsmanship when you feel it. And sought-after pieces across disciplines have something in common: made in the USA\*, and made responsibly.

Sustainably sourced  
lumber reduces carbon  
footprints, and frameless  
means less materials used,  
less materials wasted.

# Confidence for life

Crafted with confidence and backed by a lifetime limited warranty, there's a time in life when you want each of our options for construction.

**WHITE MELAMINE** is easy to clean and gives cabinet interiors a bright, fresh look. Go neutral with a maple natural melamine option. Availability may depend on material color.

**FRAMELESS CONSTRUCTION** means getting more space where you need it. Doubling down on the construction of our cabinets and removing the frame across the front edge gives you easy access to all your items, and more space for your odd sized dishes.

The **CABINET CASE** is a durable  $\frac{1}{4}$ " thick furniture board on back and  $\frac{5}{8}$ " on sides, top and bottom offering strength you can feel, as well as enhanced frameless accessibility. Upgrade to a plywood core for added strength.

**QUIET CLOSING DOORS** open to 110 degrees and slow the occasional slam for a peaceful kitchen.

**METAL DRAWERS** and **PULL-OUT TRAYS** combine fashion and function as a stylish upgrade.

**SOLID WOOD DOVETAIL DRAWERS** and **PULL-OUT TRAYS** are sturdy and durable at  $\frac{5}{8}$ " thick.

**QUIET CLOSE FULL-EXTENSION DRAWER GUIDES** give you access to everything inside and close with one soft push.

# COMPOSE YOUR STYLE

Modern, Contemporary, Transitional—style, much like life, is what you make it. Taking something ordinary, seeing beauty in it, and giving it a bit of your true self is what masterpieces are made of.

Whether you live and breathe the spirit of Modernism, share a common set of beliefs with Contemporary, or look to create your family's newest traditions in a Transitional space, combine our finishes, textures and accessories to make a space with soul. Use our takes to spark your inspiration, or recreate your own version.

Flannery in Sea Salt Classic, and Cabot in French Roast on rift-cut white oak

Sponges, soaps, towels, and scrubbers are at hand without leaving them out with the TILT-OUT TRAY for efficient storage after the dishes are done.

Keep your clean lines clean, tools holstered, and ready at a moment's notice. The PULL-OUT WITH CANISTERS keeps what you count on off the counter.

## Mid-century remix

Live in the moment. Be up for anything. Weekday homework help, candlelit date-night, or unwinding with friends during the game—say yes to experiences in a space that handles it all. Flannery slab cabinets in bright white Sea Salt offer a tasteful base to build around. Their trend-forward clean lines juxtaposed with the Mid-century mystique of a rich brown French Roast finish creates a functional, Lite-contempo design. Use open shelving, and simple hardware throughout to maintain a streamlined, current aesthetic.

Flannery in Sea Salt Classic, and Cabot in French Roast on rift-cut white oak

## Mid-century vibe

With more Friday nights in than out, you deserve a space that inspires. Contemporary sensibility and passion for the classics offer a living area with the energy of a live show, and the upscale comfort of a laid-back lounge. Riff with Mid-century modern by introducing robust French Roast around a fireplace, mixing natural materials and minimalism. Incorporate a svelte, up-to-date upgrade with white Sea Salt paint on open bookshelves, and up the ante of a communal concert hall with a refined feel.

Create continuity in your home by bringing design elements from the kitchen into a laid back living space.

Marquez high gloss acrylic White Dahlia and Navy,  
Stevenson textured woodgrain thermofoil Southwester;  
with Catania Stainless Steel and Frosted glass

Seductive shine of high gloss acrylic creates  
an accent piece that sets a space apart.

## Sleek amplified

You've been patiently waiting for the right time to create your dream home, and now is no time for compromise. Create the haute design you've pinned with tasteful texture contrast. The negative space of high gloss acrylic in White Dahlia amplifies a streamlined design and draws attention to other textures and colors. Stevenson thermofoil with Southwester textured woodgrain, and a pop of Navy as an accent adds finesse to function in a space that's ready for your next big chapter.

Marquez in high gloss acrylic Twill

---

Eye-catching and glossy, Marquez acrylic cabinets in a metallic sandy Twill color elevate neutral storage; paired with a warmer wood for open shelving to add depth to a serene space.

## Luxury lite-contempo

No space deserves a clean look quite like the master bath. Find balance in Light-contemporary with high gloss acrylic, metallic fleck cabinets, and wooden open shelving near the shower. An elegant freestanding tub is a natural fit, and a lush, off-white rug can really tie the room together in an atmosphere of luxurious balance.

Hannah matte acrylic Urban, Anton textured woodgrain thermofoil Aged Oak Gray

*Left:* The LIFT-UP APPLIANCE CABINET is ready at a mojito's notice. When you're done, close the door, and keep your home looking as good as when friends arrived.

*Right:* Have confidence you can handle any cooking request with ease by using the PULL-OUT KNIFE BLOCK AND CANISTER for all your knives and utensils.

## Earth tone urban

Skip cover charges, car service, and overpriced cocktails. You're mixologists and entertainers in your own right, promoting sophisticated sleek. Light, earthy tones create a place to entertain in, not distract from. Aged Oak Gray textured base cabinets against Urban matte acrylic is a subtle, modern play on tone and texture, and differing depths of wall cabinets offer progressive depth without saturating a streamlined space. Subdued modernist hardware creates punctuation for the area, and minimizes visual traffic for the host's open concept. Complete a neutral palette with subway tile backsplash for a high-sheen focal point.

PEGBOARD ORGANIZERS let you choose what fits where when the dishes are done.

Wilde in Earl Grey Classic, Truman in Natural on walnut, and Anton textured woodgrain thermofoil Diya

Storage isn't one-dimensional. TIERED CUTLERY options are layered to handle anything with a handle when it's time to plate.

## Timeless transitional

The Transitional mindset: keeping what works, improving what doesn't. Timeless Shaker fronts have been a standby since the kids were in preschool, and a liberal usage of bold Earl Grey gives a distinguished refresh. Create a balance of paints and finishes with Chi mullion doors in walnut, to create a Transitional style haven. Open the in-between spaces with the bright white of Diva finished Anton cabinets in woodgrain textured thermofoil adding depth and clean detail to the look.

As the ultimate hosts, you go where the dinner party takes you. Continue the appeal and aesthetic of the kitchen you love into your secondary spaces, and see your soirées continue without a hitch. Using the same wood tones and colors as in the kitchen creates a theme; one that is suitable for the whole home.

Truman in Natural on walnut, and Anton textured woodgrain thermofoil Diva

## Relaxed tone

Don't let that pesky empty wall get the best of you, now that you've decided to embrace an updated space. Get creative with 21st century homestyle by turning unused space into a functional bar. Truman cabinets in rich walnut and distinctive Chi mullions bring a Traditional flare when matched with an X-framed wine rack. Embrace Transitional design with a two-tone look by using Diva white textured woodgrain base cabinets, and show off your favorite spirits with floating shelves.

Easton in Irish Crème Classic and Lewis in Smoke on cherry

Grab your favorite bakeware from a **BLIND CORNER PULL-OUT** that makes it easy to see what's in that corner of your kitchen. It glides out with ergonomic ease, so you can focus on what's important in your next best bake.

## High-fidelity farmhouse

Carving career paths, raising kids, even cookie-baking—you've got a full plate. Unwind in a relaxing space and tend to the day's activities with comfortable farmhouse warmth. Shaker cabinets in a smooth Irish Crème warm the space with common-sense storage and open shelving. A family-sized island featuring Lewis doors in a deep Smoke finish gives a nod to furniture-style, providing a sturdy, stylish work surface. When it's time to bake, thoughtful seating puts the whole family front row for taste-tests. Dial in on Farmhouse flare with decorative island legs, and unify the space by picking a matching finish for the hood as well.

### Oda in Frappe Classic

---

A boot bench with storage, including vertical lift upper cabinets, has room for every season's wares—with it all tucked away. Keep your garments in check in a space made for you.

## Keep the tempo

Popping out for band lessons, or home from vacation, it's always nice to have an entry that is as welcoming as it is useful. Continue a quest for Transitional style and Farmhouse warmth with Shaker cabinets, and simple hardware.

Creating unity doesn't mean that everything needs to be the same. Finding harmony throughout the home is easy to do when you incorporate bits and pieces from one room to another. Subtle nods to a theme like warm tones, or a penchant for Transitional style can unify all the spaces of the home you're looking to make your own.

Anton woodgrain thermofoil Seria

## Modern twist

A clean space for clean clothes—it's almost poetic. Anton thermofoil cabinets in Seria, a light linear woodgrain, give enough space to meet all washing and drying needs, without clutter. A hanging rack in the corner adds creative functionality, and woodgrain design brings on-trend styling to the space.
